

BEAR PUPPET

A MAKE AT HOME PUPPET PROJECT

EXAMPLES & INSPIRATIONS AT
www.yourartclub.com

⚠ WARNING: CHOKING HAZARD -
Small parts. Not for children under 5 yrs.

Instructions:

1. Use the tip of a pen to poke small holes at each X. Make sure not to make the holes too big or the brads will slip through.

2. Decorate your bear puppet - Use paint, colored pencil, glitter, fabric, collage..Embellish any way you'd like!

3. Cut out the pieces.

4. Attach the arms by overlapping the joints & skewering the holes with the brads. Spread and flatten the prongs of each brad on the backside.

5. Tape the bamboo stick to the backside to use as a handle.

6. Enjoy! Use your puppet to entertain yourself and friends! Make a stop motion animation film, use as a shadow puppet, etc.
