

CREATURE PUPPET

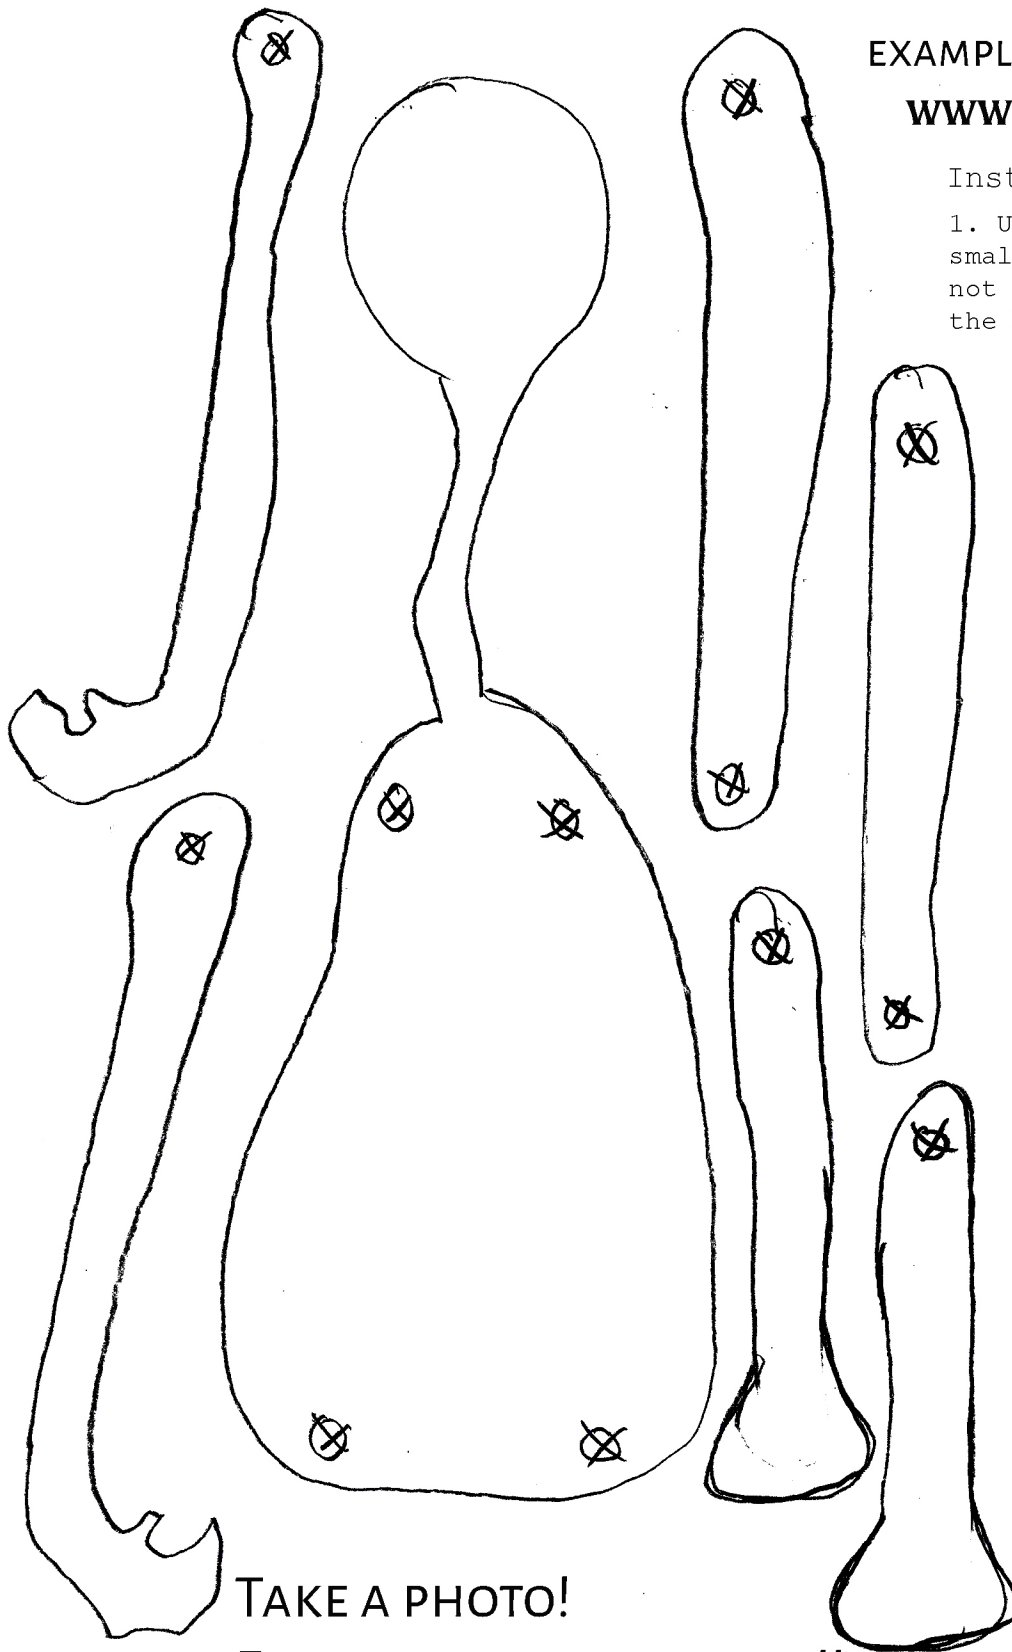

A MAKE AT HOME PUPPET PROJECT

EXAMPLES & INSPIRATIONS AT
www.yourartclub.com

Instructions:

1. Use the tip of a pen to poke small holes at each X. Make sure not to make the holes too big or the brads will slip through.
2. Decorate your creature puppet- Use paint, colored pencil, glitter, fabric, collage...Embellish any way you'd like!
3. Cut out the pieces.
4. Attach the arms and legs by overlapping the joints and skewering the holes with the brads. Spread & flatten the prongs of each brad on the backside.
5. Tape the bamboo stick to the backside to use as a handle.
6. Enjoy! Use your puppet to entertain yourself and friends! Make a stop motion animation film, use as a shadow puppet, etc.

⚠ WARNING: CHOKING HAZARD -
Small parts. Not for children under 5 yrs.
